

A woman with short dark hair, wearing a yellow long-sleeved shirt and a white apron with a colorful cartoon dog pattern, is grooming a large white dog with a blue mohawk. She is holding a blue grooming brush. The background is a solid teal color.

WHAT'S IN YOUR CORE?

The complete COREtec Collection

COREtec®
the Original

COREtec®
the Original

WHAT'S IN YOUR CORE?

AS THE ORIGINAL 100% WATERPROOF CORE FLOOR, *we celebrate originality in others, too. That's why we have a passion for providing a wide selection of authentic natural looks, so you can express what makes you, you. With COREtec, get a floor you love – and a floor that lasts.*

style

We are persistent in product innovation – including micro beveled edges, enhanced painted bevels and Embossed In Register technology – to create the most appealing looks and textures available.

strength

Our 100% waterproof, kidproof, petproof floors stand up to real life and then some. So naturally, all COREtec floors come with a limited lifetime residential warranty.

simplicity

Our floors are easy to install, easy to care for and easy to live with. Plus, our network of specialty retailers provides pain-free service and expert advice.

WHAT'S IN *OUR CORE?*

THE SHORT ANSWER IS INNOVATION – AND WE HAVE THE PATENT TO PROVE IT.
Many have tried to imitate our success, but only COREtec offers you true durability, comfort and easy installation – all without sacrificing style. So insist on the original.

THE ORIGINAL

100% WATERPROOF CORE FLOOR

Wear Layer

Durable: Robust wear layer protects against wear and stains.

Maintenance Free: Never needs sanding, polishing, sealing or refinishing.

Luxury Vinyl Design Layer

Looks: COREtec offers the widest selection of wood and stone patterns.

Textures: Detailed embossing and beveling create the most authentic looks and textures.

COREtec Core Structure

100% Waterproof: Won't warp or buckle.

Easy to Install: Secure angle tap system doesn't require any glue or nails, and can be installed over existing floors.

Rigid: Eliminates ripples and waves caused by uneven subfloors.

Stable: Won't expand or contract under normal conditions. Not all floors can say that.

Attached Cork Underlayment

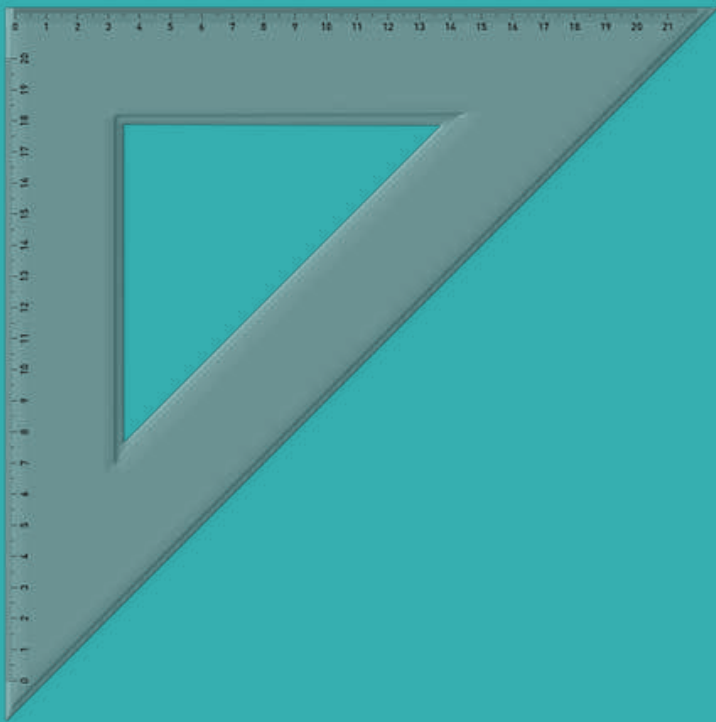

Quiet & Warm: Cork underlayment blocks out chills and noise while preventing mold and mildew.

WHY COREtec?

Our patented core structure makes COREtec the original 100% waterproof, kidproof, petproof flooring by providing more rigidity, stability and comfort than glue down LVT, solid locking LVT or laminate flooring.

	COREtec Plus® WPC	COREtec Pro Plus® SPC	<i>Glue Down LVT</i>	<i>Click Vinyl</i>	<i>Laminate</i>
<i>Enhanced comfort for residential use</i>	YES	NO	YES	NO	NO
<i>Greater toughness for commercial & high-traffic use</i>	NO	YES	NO	NO	NO
<i>Waterproof, kidproof and petproof with 20mil wear layer</i>	YES	YES	NO	NO	NO
<i>Fast and easy to install without acclimation</i>	YES	YES	NO	NO	NO
<i>Installs in large rooms without transition strips</i>	YES	YES	YES	NO	NO
<i>Installs over existing hard surface floors</i>	YES	YES	NO	YES	YES
<i>Installs with minimal floor prep</i>	YES	YES	NO	YES	YES
<i>Resists water without damage to flooring</i>	YES	YES	YES	NO	NO
<i>Dimensionally stable – will not expand or contract</i>	YES	YES	YES	NO	NO
<i>Adds warmth to the floor</i>	YES	YES	NO	NO	NO
<i>Reduces noise – a quieter floor</i>	YES	NO	NO	NO	NO
<i>Hides subfloor imperfections</i>	YES	YES	NO	YES	YES
<i>Resists subfloor mold and mildew</i>	YES	YES	NO	NO	NO

FIND THE FLOOR THAT FITS YOU. *FAST.*

At COREtec, we don't just want to give you a better floor, we want to give you a better floor-buying experience. That's why our website has been designed around you. From initial inspiration to final installation, there's one place for you to find the floor that fits your unique style.

COREtecFloors.com

GET INSPIRED:

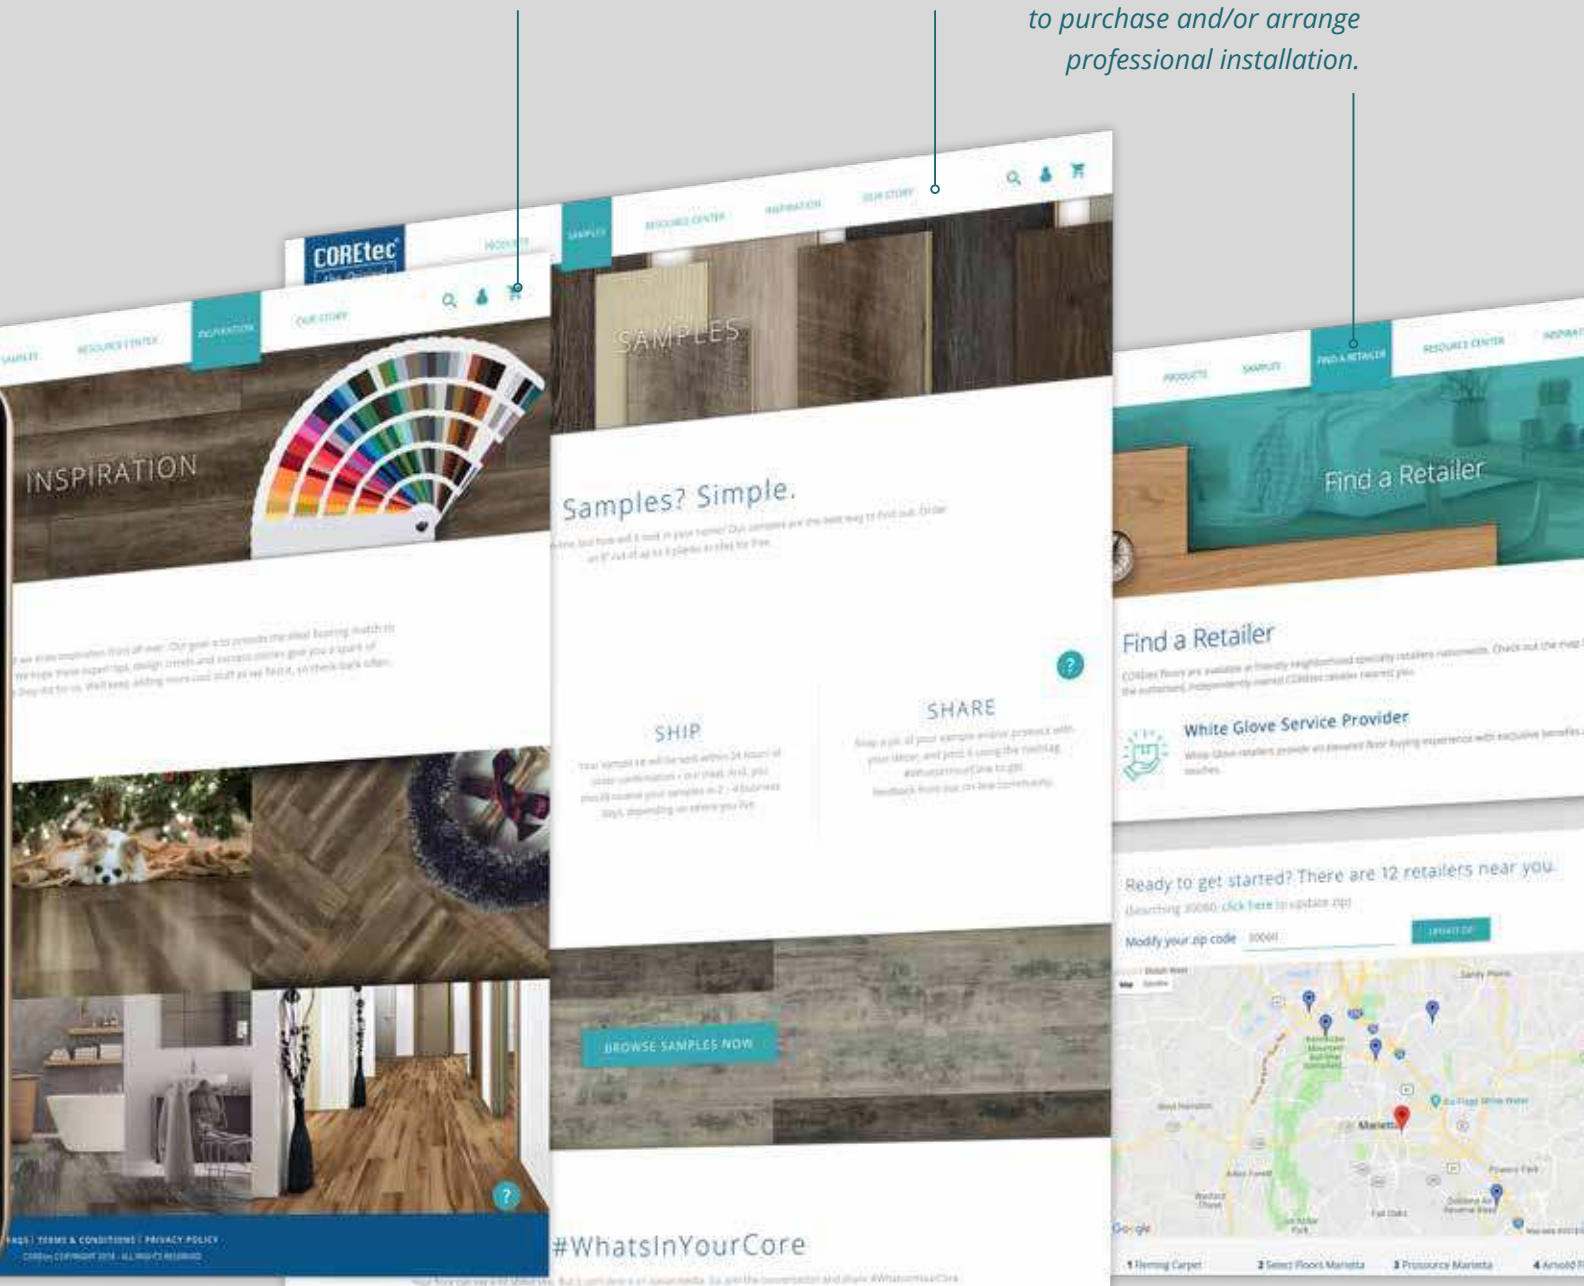

"Dream It Yourself" with curated design ideas and décor trends to help you truly transform your home.

FIND YOUR FLOOR:

Easily find the style that fits you with simple navigation, smart filters and a factory-direct sampling program.

DIY or FIND A PRO:

Find simple how-to instructions, utilize our Quantity Calculator and conveniently connect with local specialty retailers to purchase and/or arrange professional installation.

GREEN
TO THE CORE

ALL COREtec PRODUCTS ARE GREENGUARD GOLD CERTIFIED FOR INDOOR AIR QUALITY.

When purchasing new flooring, indoor air quality and chemical exposure is something everyone should consider. After all, your floor is something you live on – the backdrop for life with family, friends and even your favorite pets.

That's why we're proud to say all COREtec products are certified GREENGUARD GOLD. This means our floors are chemical-free and promote safe indoor air quality. In fact, not only do we meet the standards for residential use, our floors are also safe for use in schools, daycares and other sensitive environments.

EASIER INSTALLATION

COREtec's Angle-Tap technology makes our floors easier to install, whether as a DIY project or through a professional. Our floors lay directly over most subfloors, with very little prep. So you won't have to wait long to start enjoying your new style.

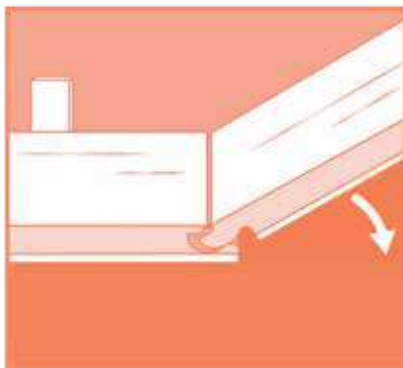

This overview shows the basic steps needed for simple floating installation that does not require any adhesives or extensive sub floor preparation.

FOR MORE TIPS AND HOW-TO VIDEOS,
VISIT THE RESOURCE CENTER
AT [COREtecFloors.com](https://www.COREtecFloors.com)

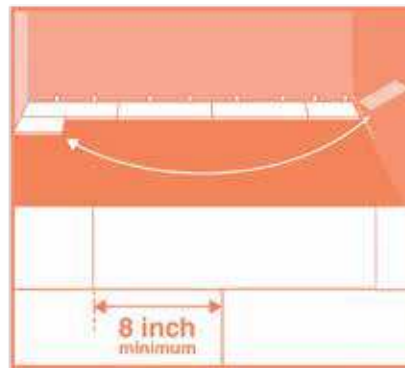

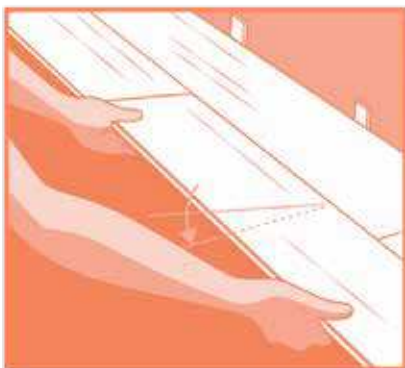

STEP 1: Begin installation working from left to right. Insert spacers at ends and edges where planks meet wall.

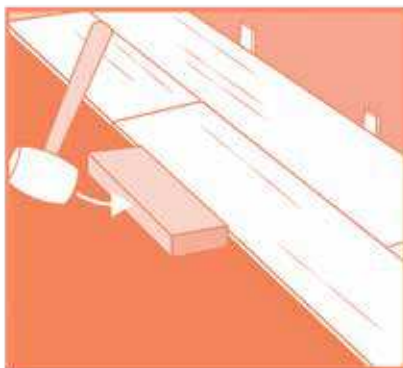

STEP 2: Lock short end of plank by inserting tongue into groove at an angle and drop in place. Continue to end of first row.

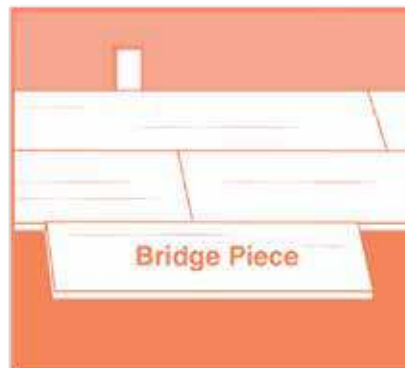

STEP 3: Use leftover plank from first row as starter for second row. There must be at least 8" between plank end joints on adjacent rows.*

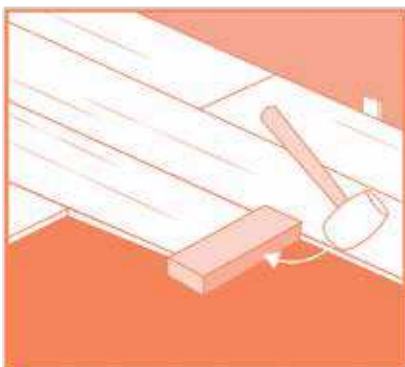

STEP 4: Lock long edge of plank by inserting tongue into groove at an angle and drop in place. Slide plank toward end of previously installed plank until the tongue just touches the groove.

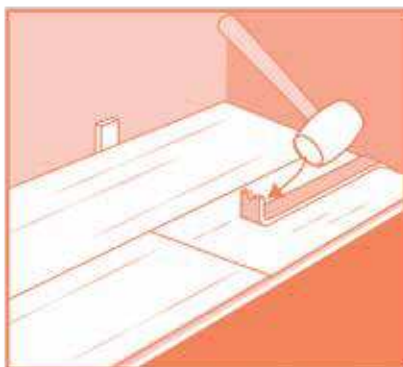

STEP 5: IMPORTANT! Use hammer and tapping block to tap long edge of plank to ensure a tight fit. **ANY GAPPING CAN COMPROMISE THE LOCKING SYSTEM!**

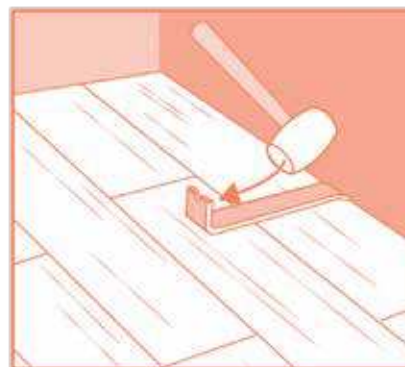

STEP 6: Attach a scrap piece of floor to bridge gap between ends of planks.

STEP 7: Tap end of plank with hammer and tapping block to lock ends of planks together. Remove bridge and continue towards wall until installing the final plank in the row. **BE SURE TO TAP ON EDGE OF VINYL SO AS NOT TO DAMAGE LOCKING PROFILE.**

STEP 8: Use hammer and pull bar to lock final piece in row. Insert spacer at end of row. Continue installation to final row.

STEP 9: Use hammer and pull bar to lock long edges of planks on final row.

*FOR TILE INSTALLATIONS: The distance between end joints should be equal to 12" for proper appearance.

SIMPLER

CLEANING & MAINTENANCE

COREtec floors are engineered for simplicity – they handle whatever real life throws, spills, drops or tracks their way with minimum care.

- *Simply sweep or run a dry dust mop over it to get up the dirt, dust and grit.*
- *For a more thorough clean, we recommend COREtec Encore Care For Luxury Vinyl Flooring. You'll want a pH neutral cleaner, so nothing with a floor polish or detergent in it. Follow label instructions.*
- *Do NOT use treated dust mops as they may leave a residue behind which can dull your floor over time.*
- *Steam mops are NOT recommended, as the heat can cause the vinyl layer to curl up and peel off.*

WARRANTY INFORMATION

Strength is built into every COREtec floor. Below is a summary of the Lifetime Warranties provided for COREtec Plus collections. COREtec One products are covered by a 25 year residential wear warranty, and COREtec Pro Plus products have a 15 year commercial warranty. Full warranty information can be obtained from your COREtec retailer or at COREtecFloors.com.

LIFETIME LIMITED RESIDENTIAL WEAR WARRANTY

The vinyl layer of the floor plank is warranted by COREtec® not to wear through under normal use for the life of the product. Vinyl layer wear-through is defined as 100% vinyl layer wear-through that exposes the core material over a minimum of 3% of the total installation. (Gloss reduction or surface scratches are not considered surface wear.) Dull finish can be corrected with spot or overall recoating care systems. If 100% vinyl layer wear-through is determined to have occurred, COREtec will arrange a pro-rated credit based on the terms outlined below in the section headed "Terms of Lifetime Limited Warranties". This warranty is non-transferable and applies only to the original purchaser.

LIFETIME LIMITED STRUCTURE WARRANTY

The floor plank and/or tile is warranted to be free from manufacturing or material defects for the life of the product. Should a defect occur, COREtec will arrange a credit based on the original purchase of the product. Should a problem attributable as a manufacturing defect develop after flooring is installed, the cost of labor for repair will be covered by this warranty. This warranty is not transferable by the purchaser of the floor.

LIFETIME LIMITED WATERPROOF WARRANTY

COREtec warrants that for the stated warranty period from the date of original purchase, your COREtec product will not swell, cup, or crack due to:

- Normal cleaning practices (see Care and Maintenance document for additional information)
- Moisture due to everyday household spills (see Care and Maintenance document for additional information)
- Moisture from subfloor when exposed to such conditions

All sources of subfloor moisture should be remedied prior to installation. This warranty covers topical moisture as long as the water does not flow over the edge of the surface (edge of the room, cut boards, etc.)

While moisture will not affect the product's integrity, it is possible that, when excessive moisture accumulates in buildings, subfloors, or on building materials, mold (and/or) mildew growth can occur (particularly if the moisture problem remains undiscovered or unaddressed).

LIFETIME LIMITED PETPROOF WARRANTY

COREtec warrants that your COREtec Plus® luxury vinyl floor will resist staining caused by pet (domestic cat or dog) stains, including urine, feces, and vomit. Stain resistance means the ability of your floor to resist (i.e., minimize or withstand) permanent stains for as long as you own your floor. Cleaning of the affected area should begin immediately upon discovery. The more time that elapses before removal, the more difficult a stain will be to remove.

OUR MISSION

We are originators, innovators and overall troublemakers.

We saw an opportunity to create a better floor, and dove in mind, body and soul.

We chased a dream and created a whole new category along the way.

We are style enthusiasts, believers in technology and seekers of simplicity.

*We are passionate about providing people flooring solutions that meet their
design dreams and stand up to real life.*

We are obsessed with creating an experience as beautiful as our floors.

We are authentic to the core.

WE ARE COREtec.
